AN ANALYTICAL APPROACH TO SALES FORECASTING AND DISCOUNT OPTIMIZATION FOR NESTLÉ PROFESSIONAL

APPROVED BY:

Assist. Prof. Dr. Zeynep Özlem Ocak ……
(Supervisor)

Prof. Dr. Dilek Tüzün Aksu ……

DATE OF APPROVAL: / /20

To our parents

ACKNOWLEDGEMENTS

We extend our deepest gratitude and heartfelt thanks to all those who have guided, supported and inspired us throughout our journey of the study.

First and foremost, we would like to express our deepest gratitude to Assist. Prof. Dr. Zeynep Özlem Ocak and Prof. Dr. Dilek Tüzün Aksu, who inspired us with their supervision, insights, extraordinary thinking and approaches, provided us with a unique perspective on the interconnection of the academia and the real world, and have been the impetus for our eagerness for knowledge. We will not only implement her unique approach to the real world, we will carry the vision of the study into the future, always doing our best for a better world.

We also wish to sincerely thank Cihat Dağdelen and Begüm Alıcı from Team Nestlé. Their professional expertise in various fields, willingness to share their knowledge and invaluable contributions significantly enriched our research process and added meaningful depth to the study. It was a great honor to work with committed individuals.

Finally, we are so lucky to have wonderful families who have supported us throughout our lives, who have taught us the meaning of life, who have stood by us in every difficulty, who have made everything possible for us and made everything better despite experiencing many struggles themselves, and we thank them for their unconditional and endless love, care, sacrifice and patience. The study is not only our accomplishment, but theirs as well.

Heartfelt thanks to everyone who has accompanied us on this journey!

TABLE OF CONTENTS

1. INTRODUCTION....1

1.1. Problem Statement....2

2. LITERATURE REVIEW....4

3. ASSUMPTIONS OF THE SALES FORECASTING AND DISCOUNT OPTIMIZATION PROBLEM....16

4. METHODOLOGY....18

5. MATHEMATICAL MODELS....20

5.1. Model of Product ID-Customer Group Level....20

5.2. Model of Product ID-Customer Subgroup Level....23

5.3. Model of Product ID-Customer ID Level....26

6. DATA ANALYSIS AND RESULTS....29

6.1. Dataset Description....29

6.1.1. Data Sources & Extraction....29

6.1.2. Data Cleaning & Manipulation....30

6.1.3. Descriptive Statistics....31

6.2. Forecasting Analysis....33

6.2.1. Model Comparison....33

6.2.1.1. Linear Regression Model....33

6.2.1.2. Log-Linear Regression Model....34

6.2.1.3. Linear-Log Regression Model....34

6.2.1.4. Log-Log Regression Model....34

6.2.2. Forecast & Residual Plots....35

6.2.3. Performance Metrics....49

6.3. Optimization Results....50

6.3.1. Optimal Discount Recommendations.....51

6.3.2. Discount Rate Recommendations for Requested Sales Volume..... 55

7. OUTPUT ANALYSIS.....56

7.1. Outputs of Product ID-Customer Group Level..... 56

7.2. Outputs of Product ID-Customer Subgroup Level.....60

7.3. Outputs of Product ID-Customer ID Level..... 64

8. VERIFICATION AND VALIDATION.....66

8.1. Verification..... 66

8.2. Validation.....66

9. CONCLUSION..... 69

Bibliography.....71

APPENDIX: PYTHON CODES.....74

Python Codes of Product ID-Customer Group Level..... 74

Python Codes of Product ID-Customer Subgroup Level..... 109

Python Codes of Product ID-Customer ID Level..... 144
